Architects  
Against of the appropriation of the "Santo  
Kiriko" Creative-Cultural Complex

Brussels, 28 January 2015

Ref: 037/15/IDP

Dear Colleagues,

We have heard, with regret, of the recent situation which appears to threaten the on-going activity of the Santo Kiriko Creative Complex

The complex is famous for having hosted numerous international architects meetings including the International Academy of Architecture and we wish to express our support for the preservation of the complex and its future use by the architectural community, given the important role this plays as a centre for professional exchange and development.

On behalf of the Architects Council, I wish to express my support for the efforts of the Initiative Committee to inform society of the background relating to the development of the Santo Kiriko Creative Complex.

Yours Sincerely,

A handwritten signature in blue ink, reading "Luciano Lazarri".
